

Astronomy I, Beyond the Sky (SCIP1401)

Introduction	What is beyond the blue sky in the daytime and the dark starry sky at night? This programme introduces basic astronomy with astronomy equipment and interactive activities to let students know more about the vast universe. Students also have the opportunity to use various kinds of professional equipment to explore the world beyond the sky.															
Programme Type / Level	Introductory Course in Astronomy (Token-required) (Elective Programme)															
Instructor(s)	Mr. Kenneth Hui, Ho Koon Nature Education cum Astronomical Centre Astronomy Officer															
Target Participants	 <ul style="list-style-type: none"> ➤ P4 to P6 HKAGE student members ➤ Class size: 30 <p>* Priority will be given to student members who are in Mathematics and Sciences domain</p>															
Medium of Instruction	 Cantonese with Chinese Notes															
Certificate	 Certificate will be awarded to participants who have: <ul style="list-style-type: none"> ❖ Attended ALL sessions AND ❖ Completed all the assignments with satisfactory performance 															
Intended Learning Outcomes	 Upon completion of the programme, participants should be able to: <ol style="list-style-type: none"> 1. Investigate the major constellations using a star map and the digital planetarium; 2. Create models of astronomy objects such as the Solar System and comet; 3. Operate a telescope to make star observation; 4. Analyse how light pollution affects star observation in Hong Kong. 															
Screening	 Please answer the screening question in the online application form. *The screening question is designed to help the applicant understand the course level and the course content. The question must be answered by the student applicant and it can only be attempted once. The answer cannot be changed once the application is submitted. Selection is based on students' performance in answering the question.															
Application Deadline	7 July, 2014															
	Application Result Release Date 11 July, 2014															
Student members may withdraw from the programme on or before the deadline. Otherwise, the token will be deducted.
