

## "PAGES"

means the elderly can start a new page in their life. They can enjoy a fruitful life just like the youngsters.

Do you know that in Hong Kong, there are many of the elderly moving to the elderly homes when their working ability or health conditions are weakened?

Have you ever thought about "birth and death"? What does it mean by "young" and "old", when all of us are going through the same journey of life? How can we seize the time to fight for our dreams?

Youngsters and elderly will meet and chat. Together we will write a "life story book". With the elderly's milestones in life, they can look back their fantastic life journey. Apart from the life experiences of the elderly, the youngsters can also learn to treasure time and care for people around. Let's catch our dreams with the elderly in this summer vacation!
