fairytale

**I'm willing to be the one;
and the angel that you love...**

Are you willing to become an angel in the eyes of accommodated children?

Are you willing to care for the forgotten vulnerable groups in the society?

This is the first time HKAGE launches the 'Gifted Angels' service learning project in summer, with the aim of encouraging the capable and energetic HKAGE student members to help others through a series of service activities, to make use of their talents to show their care and to contribute to our society.

**We need you to make this fairytale
come true.**

NOT AS EXPECTED FAIRYTALE OUTCOME

Gifted Angel- Service Learning Project (APPS3621)

It is not hard to realize that some of the social vulnerable groups are being neglected nowadays. Taking the example of accommodated children, there are many reasons they had to leave their homes. They need just as much care and help from the rest of the society. This is why we name our service project приказк, meaning 'Fairytale' in English, and when translated to Chinese, also has a double meaning of "Children's Voice". We hope to explore these children's potentials, creativity, and show the world their capability.

Through the service project...

fairytale

Gifted angels will be able to...

- have a deeper understanding of the targeted group of our service and their daily life
- reflect on the current definition of 'social vulnerable groups' in Hong Kong (e.g. Is our society overlooking particular groups that also need our help and attention?)
- build up a long-lasting passion to serve our society and reach out to those in need
- gain new experience in 'service learning', which can inspire more new and creative ideas for future Gifted Angels programs or service projects
- be further encouraged to express their views and ideas, show their commitment and take up the role as a leader

The children will be able to...

- gain happiness and satisfaction from the activities that will hopefully be a positive add-on experience to their lives
- dare to try out new experiences and make full use of their potentials
- gain self-confidence, recognize their own abilities and face future challenges optimistically

Both parties will be able to...

- build a bridge of trust and share bits and pieces of their lives with each other
- maintain a long-lasting friendship on the journey of life

Join us and make this fairytale come true.
