

AFRICA DEMYSTIFIED (LEAT1560)

Introduction

“Humanistic-leadership” Project: “Re-evaluation of All Values” –
A historical, philosophical, political and social innovative entrepreneurship project

An overview of the continent, with 3 guests from 3 regions

A vast continent with cultural and historical diversity unlike any other, Africa is often called "The Cradle of Humankind". It boasts more than 50 countries and thousands of languages and ethnicities, and yet many of us outside this continent can barely distinguish its countries or regions. Join us for a casual and fun overview of the continent, and meet guests from Africa's East, West and South, so you can paint your own picture and get new insights into an entire continent. This thematic talk and panel discussion will feature some friendly banter between our guests and will highlight the stereotypes and (mis-)conceptions that different African regions might have about each other. Let's demystify Africa together!

Programme Type

Introductory Talk in Leadership

Speaker

Will be arranged by **Inter Cultural Education**, and a group of international students is invited from different countries.
