- Course Content** : **Who says “1+1=2”? We dare to think, dare to act, dare to innovate, making “1+1>2” possible.**
- Do you want to spend time with your children and get to know their potential better? In this group, you can improve communication with your children through a range of parent-child activities. You will also observe how they interact and cooperate with their peers as well as the ways they think and express ideas, so that you can learn more about the world of gifted children. The course design is based on creative problem solving (CPS), through which parents and children can enhance creative problem solving skills, make innovations and achieve breakthroughs.
- Course Objectives** : Upon completion of the course, parents should be able to:
1. Tackle their problems with creative problem solving skills;
 2. Enhance adaptability to face the challenges in their everyday lives;
 3. Learn to appreciate and accept their children's uniqueness;
 4. Keep track of their children's learning journeys through their portfolios, performance / product showcase.
