

Fri-vers' nite:

Be gifted, be blessed! (PGSSS0013)

Introduction

"No man is an island..." (by John Donne) and hence through "Fri-vers' nite", which is a platform provided to you for knowledge and experience exchange, as well as sharing your points of view on certain topics with other gifted peers and even our alumni or elites in town when they are being invited. Not only will you gain insights from other gifted persons, but also build a social network with this group of like-minded and make-a-difference driven people. Usually we will meet on the 1st Friday of every month except special arrangement.

...How is being gifted to you?

...What do others think it means you are gifted?

...Do you think you are quite different from others?

...Would you rather be a gifted or just an ordinary one?

...Is there a time that you think it is easier to be gifted or more difficult? Why?

Maybe you also have such questions in mind and yet not know if there are other peers thinking about them when they are labelled "gifted". In fact, what does it mean to be gifted? Or how to enjoy it as a blessing than a burden? Come join us at the Fri-vers' nite and that will give you enlightenments!
