

Focus Group: Dialogue with Prof Tan Lee

(SG/001)

Introduction

The Focus Group aims to gather a group of STEM and science enthusiasts and explore, at an in-depth level shared interests and ideas. Leading the group is Professor Tan Lee; Professor Tan Lee specializes in Electronic Engineering and Speech Technology at the Chinese University of Hong Kong and also the Director of the newly established Language and Communication Disorders Research Laboratory.

If you are an enthusiast of STEM and science, or if you'd just like to discover more, this focus group is the perfect opportunity to gather with your likeminded peers!
