What Aspires that Matters: STEM with Art (JC2T-S011)

Introduction

What is STEM? STEM is the abbreviation of Science, Technology, Engineering, and Mathematics. The learning areas of these four subjects are closely related and could influence each other's. Moreover, adding Art(A) into STEM will forms STEAM.

The Art skills and the way of thoughts can be applied to daily science and technology.

Similarly, Technology, Science and Mathematics can also inspire the application of Art.

The five areas in STEAM's can solve problems and ameliorate our lives, its applications are beyond our imagination.

In this talk, our instructor Owen will share how STEAM is the mainstream of nowadays education, his experience in archiving art and design as his career and education path. Let's have an art-think-jamming together!
