

Physics Enhancement Programme for Gifted Students (PEP Phase 1 SCIS2011)

Announcement (10 June 2020)

Schedule (11 July 2020 – 10 October 2020)

For many years, the Hong Kong Physics Olympiad (HKPhO) competitions were held in May every year. Students attaining third class honors or above were invited to join the Physics Enhancement Programme (PEP). Due to the COVID-19 pandemic this year, HKPhO will be postponed to mid-October. To avoid delays, the PEP this year will be offered starting from 11 July using videos and Zoom. **Registrants of HKPhO will be automatically registered in PEP.**
