

Make STEM Genius Presentable (E2CAV002C)

Introduction

With a primary focus on presentation and communication strategies, the course offers students who are STEM geniuses opportunities to present their ideas in effective ways. It emphasizes on the introduction of skills and principles of presentation for STEM students. Compared with traditional classes, this course emphasizes on practical skills. Students will present at least once every day and the tailor-made comments will help improve their presentation skills.

This course aims to:

- introduce creativity, critical thinking skills and communication techniques in presentation and communication for different purposes;
- nurture students' presentation skills and provide them with a platform to demonstrate their skills learnt with a view to promoting their STEM products with confidence.
