# ASPIRATIONS: CV Challengers

(C3ASP001W)

## Introduction

If you had one shot, one opportunity, to seize everything you ever wanted. In six seconds, would you capture it or just let it slip?

Interviewers and recruiters spend, on average, about six seconds looking at a CV. How can you stand out to express yourself?

CV stands for Curriculum Vitae. This is a Latin expression, which can be roughly translated as 'the course of my life'. With its focus back on personal working values and attitude, this workshop aims to enable a demonstration of personal strengths, inspire a new talent matching and development perspective and encourage young people to pursue diversified development in addition to academic achievement by creating and using an impressive CV to make a difference in the first step. In the long-term, we hope students to define a broadened definition of success in themselves.

This workshop aims to:

- self-explore your working DNA – attitudes, values, working pattern
- provide social and fun opportunities to meet leaders in working world
- sharpen your working profile in all events
