

Do you know how to “Chit-Chat” ? (E2GSG025W)

<p>Introduction</p>	<p>You may have already made up your mind on the subjects you want to study and the pathway you want to take in the future. However, when things happen out of our expectation, you will inevitably feel a bit uneasy and confused. At that very moment, you may need someone to guide you – a student counsellor.</p> <p>Will someone really know more about himself/herself and see things differently after chatting with a student counsellor for 10 minutes, 30 minutes or even an hour?</p> <p>What skills are involved behind the seemingly "simple" chatting?</p> <p>In this workshop, Mr Marcolm Chan will introduce the college student counsellor's work, their different roles, and the future development of the counselling industry. Participants will also understand more about themselves and their own personality traits through this workshop.</p> <p>Mr Marcolm Chan is a registered social worker in Hong Kong. He has obtained a bachelor's degree in psychology and a master's degree in social work respectively from Ohio University and The University of Hong Kong.</p> <p>Mr Chan has worked in non-profit organisations and colleges, and has been engaged in student counselling for many years.</p>
