

Introduction of 3D Animation Production (E1ANI001C-2)

Introduction	This programme is designed for students interested in 3D animation production. The instructor will teach the basic concepts and common production techniques used in the animation industry, so that the students can master the related key knowledge. Special animation tools and actual production procedures will be used to produce a simple animation clip in the programme.																
Programme Type / Level	3D Animation Course (Level I) (Token-required)																
Instructor(s)	Act Plus Education Foundation Limited																
Pre-requisite	No special prerequisites are needed																
Target Participants	<ul style="list-style-type: none">➤ S1 – S4 HKAGE student members➤ Class size: 16* <i>First-come-first-served.</i>																
Medium of Instruction	Cantonese with Chinese handouts																
Certificate	E-Certificate will be awarded to participants who have: <ul style="list-style-type: none">❖ Attended at least 4 sessions; AND❖ Completed all the assignments with satisfactory performance																
Intended Learning Outcomes	Upon completion of the programme, participants should be able to: <ol style="list-style-type: none">1. create basic character and object models for computer animation production;2. apply lighting and graphics techniques to create an environment for computer animation production;3. create an animation clip with various lighting, camera setting and object movement techniques.																
Application Deadline	30 Jul 2021, 12:00 n.n																
If student members withdraw from the programme after the Application Deadline, the token will be deducted.
