

Social and Cognitive Learning in Psychology

(HUMO1331)

Introduction	<p>Consider what happens if you learn to ice skate or any other new skills. Do you remember how you learned it? Perhaps ice skaters don't have their knees bent, their body upright, and their head up reflexively under the influence of stimuli, as in classical conditioning.....</p> <p>Want to know more? Just click into our online programme Social and Cognitive Learning in Psychology to find out more.</p>
