

Information Session of City University Gifted Programmes I (MULT1001)

Introduction

With a mission “to nurturing and developing talents of students”, City University of Hong Kong (CityU) has designed different innovative programmes throughout the years to provide valuable learning opportunities to students.

City University is going to collaborate with the HKAGE to provide a series of gifted education programmes, including stop motion animation, games and mathematics, solar power and financial trading. All the courses will be taught by experienced CityU professors or instructors. An information session will be held to introduce the courses to HKAGE members, their parents, and school teachers/principals.

The following courses will be included in the Information Session:

1. Mathematics and Games: Critical Thinking and Problem-Solving
2. Introduction to Stop Motion Animation
3. What’s inside English?

Programme Type

Multidisciplinary Talk

Speaker
