

# Overseas Activities

## Sharing and Introduction (ILOT/001)

### Introduction

HKAGE organises overseas programmes for our student members every year, with an aim to provide them with the opportunity to interact with overseas students and scholars, visit local attractions and educational facilities, and learn about local customs and culture. We invite participants who have completed the overseas programmes to share their experiences and provide information for those who are preparing to participate in the forthcoming overseas programmes. In addition, we will also explain the Academy's Overseas Programme Subsidy Policy to them.

The following overseas programmes will be included for the 18/19 years:

- Math Safari (April 21 - 25 (tentative), Singapore)
- Asia-Pacific Forum for Science Talented (July 6-11 (tentative), Taiwan)
- Wu Chien-Shiung Science Camp (August 4-11 (tentative), Taiwan)
- Asian Youth Development and Networking Program (early August (tentative), Japan)

For details, please visit the following website for information on overseas programmes last year: <https://www.hkage.org.hk/b5/activities/overseas/completed>

For the overseas event funding policy, please visit the following pages: [https://www.hkage.org.hk/b5/students/important-information/Policies\\_and\\_Forms](https://www.hkage.org.hk/b5/students/important-information/Policies_and_Forms)
