

I Want to Be a Radio Presenter (ELLT1112)

Introduction

The golden age of radio seems to have gone. Today's young people prefer watching online broadcasting platforms rather than listening to radio. However, Mr Tom TSE Chun Hong, HKAGE alumni and undergraduate student majoring in Media and Communication at CityU, has been a radio programme host at RTHK for two years. For what reasons did he choose to be a radio host but not a youtuber?

This thematic talk aims to introduce students to the history and current situation of radio broadcasting in Hong Kong, the basic requirements of being a broadcaster and the related challenge.
