Food Chain & Food Web

Play the game "Chain Reaction" from the website:

http://www.ecokids.ca/PUB/eco_info/topics/frogs/chain_reaction/index.cfm

Read through the text while playing the game.

1. Draw and label the food chain.

2. What is a food chain?

3. What is the source of energy (food) of all living things?

4. What would happen to the food chain if the frog is out of the food chain?

5. What would happen to the food chain if the grass was cleared by human beings?

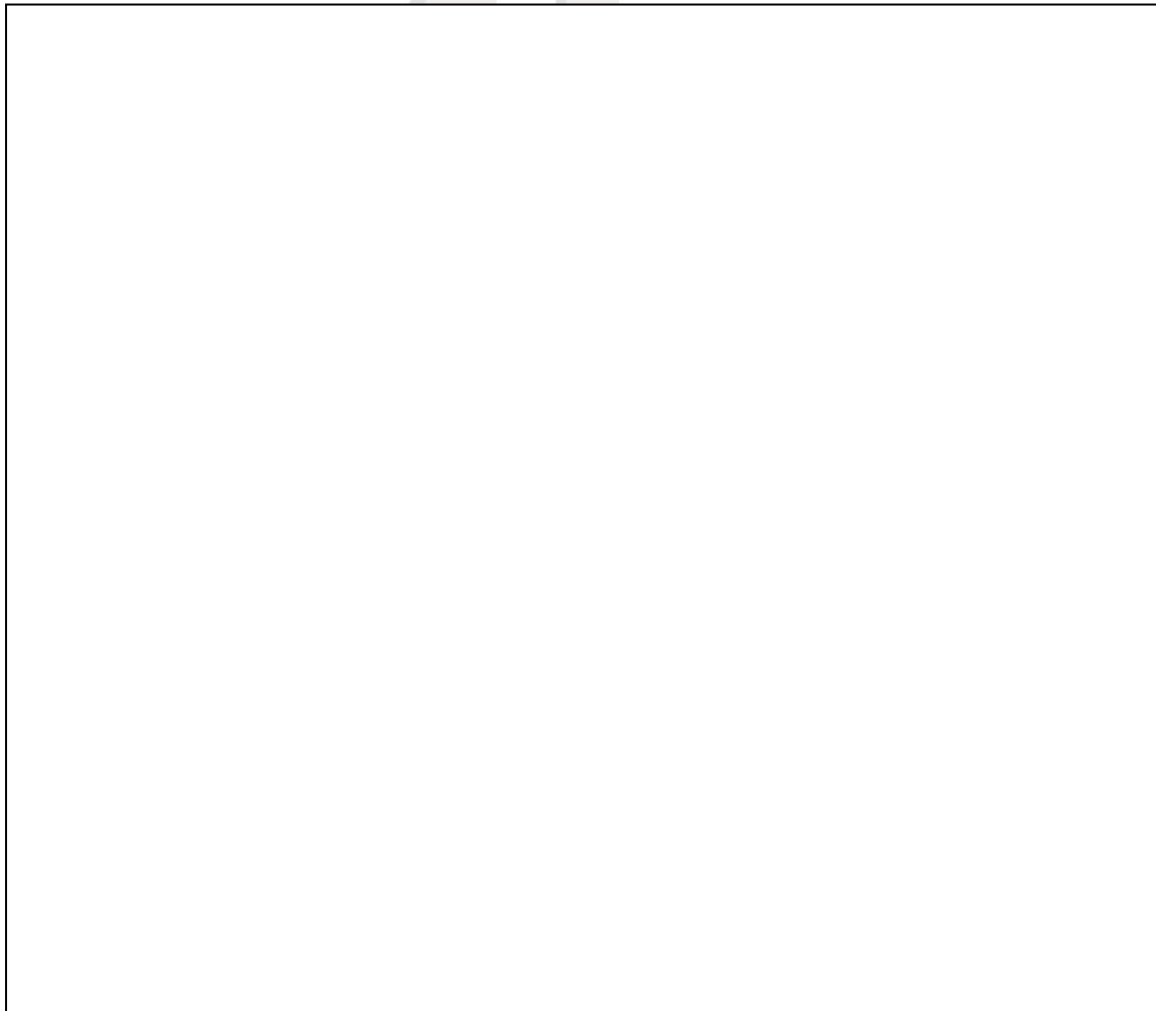

A food web is made up of two or more food chains. It shows the food relationships among organisms in a community.

Visit the website http://www.harcourtschool.com/activity/food/food_menu.html

Choose a food web at meadow, arctic area or pond.

Try to identify a food web.

Show your food web below by drawing a well-labelled diagram.

GS Challenge (optional task)

Food web game

1. Browse the website <http://vtaide.com/png/foodchains.htm>
2. Click “create a food web” at the bottom of the page.
3. Follow the game rules and create your own food web.
4. Print it out and stick on this page.
