Programmes with No Screening

Programmes with No Screening (Secondary and Primary)

There are no screening questions, written test or other screening methods for this type of programmes.

- Student members can select up to 5 programmes from a list of selection. Applicants have to state the priority when submitting the application. (1st priority, 2nd priority, 3rd priority, etc). 1 token is required for each programme.
- Application can only be submitted once. Once it is submitted, the priority and the programme selection cannot be changed.
- If a student member removes a programme from the application before the application deadline by withdrawal, the choice priority will remain unchanged. (For example: A student has selected three programmes and removed the programme with the 1st priority from the application. The choices of 2nd and 3rd priority will remain unchanged with no promotion in priority.)
- Selection of students will be based on the applicant's choice of priorities and on a first-come-first-served basis. If there is time clash between the applied programme and other programmes with offer, HKAGE will consider if the application will be accepted.
- Priority will be given to student members who have not completed the applied programmes.
- Student members should avoid applying programmes with time clash.
- The decision of HKAGE on the result of selection should be final.
