Programme with Screening or First-come-first-served Programmes

Programme with Screening Programmes:

There are different screening methods for these programmes, for example, online screening questions, written tests or other screening methods.

- Student members are selected based on the performance in the screening. For more information, please refer to the programme info.
- If there is a time clash between the applied programmes and other programmes to offer, we will consider if the student will still be accepted.
- Students should avoid applying programmes with time clash.
- The decision of HKAGE on the result of selection should be final.

First-come-first-served Programmes:

Programme with No Screening

There are no screening questions, written tests or other screening methods for this type of programmes.

- Student members can select up to 5 programmes from a list of selections. Student members have to state the priority when submitting the application. (1st priority, 2nd priority, 3rd priority, etc)
- Application can only be submitted once. Once it is submitted, the priority and the programme selection cannot be changed.
- If a student member withdraws from a programme before the application deadline, the choice priority will remain unchanged. (For example: A student selected three programmes and withdraws from the 1st priority programme. The choice of 2nd and 3rd priority will remain unchanged with no promotion in priority).
- We will select the students based on the student's choice of priorities and a randomly generated selection by the computer system. If there is a time clash between the applied programme and other programmes with offer, we will consider if the student will still be accepted.
- Priority will be given to student members who have not completed the applied programmes.
- Students should avoid applying programmes with time clash.
- The decision of HKAGE on the result of selection should be final.
