

The 17<sup>th</sup> issue of *Gifted Gateway* has been released with contents covering the Enhancements on the Online Students Learning Profile and the Forthcoming Student Programmes and Events in March to May 2020. We hope this quarterly e-newsletter can facilitate student members' applications for our programmes.

### Enhancements on the Online Students Learning Profile

You can now print (i) the full version (since admission to present), or (ii) the version for a specified school year of your own Student Learning Profile (SLP) with the Executive Director's signature at any time if necessary. Besides, all admitted student members are required to meet a set of programme completion requirements within a specific time frame to sustain their membership. The related requirement and your progress of fulfilling the requirement is now shown in the SLP for your reference. For details, please login to the SLP Online Platform below with your existing username and password for programme application:

## Forthcoming Student Programmes and Events in March to May 2020 Programme with Screening or First-come-first-served Programmes

#### Programme with Screening Programmes:

There are different screening methods for these programmes, for example, online screening questions, written tests or other screening methods.

- Student members are selected based on the performance in the screening. For more information, please refer to the programme info.
- If there is a time clash between the applied programmes and other programmes to offer, we will consider if the student will still be accepted.
- Students should avoid applying programmes with time clash.
- The decision of the HKAGE on the result of selection should be final.

#### First-come-first-served Programmes:

- The capacity of this type of programmes is limited and offered on a first-come-first-served basis.

## Forthcoming Student Programmes and Events in March to May 2020

### Programme with No Screening

There are no screening questions, written tests or other screening methods for this type of programmes.

- Student members can select up to 5 programmes from a list of selections. Student members have to state the priority when submitting the application. (1<sup>st</sup> priority, 2<sup>nd</sup> priority, 3<sup>rd</sup> priority, etc.)
- Application can only be submitted once. Once it is submitted, the priority and the programme selection cannot be changed.
- If a student member withdraws from a programme before the application deadline, the choice priority will remain unchanged. (For example: A student selected three programmes and withdraws from the 1st priority programme. The choice of 2nd and 3rd priority will remain unchanged with no promotion in priority).
- We will select the students based on the student's choice of priorities and a randomly generated selection by the computer system. If there is a time clash between the applied programme and other programmes to offer, we will consider if the student will still be accepted.
- Priority will be given to student members who have not completed the applied programmes.
- Students should avoid applying programmes with time clash.
- The decision of the HKAGE on the result of selection should be final.
