Programme with No Screening

There are no screening questions, written test or other screening methods for this type of programmes.

- Student members can select up to 5 programmes from a list of selection. Student members have to state the priority when submitting the application. (1st priority, 2nd priority, 3rd priority, etc)
- Application can only be submitted once. Once it is submitted, the priority and the programme selection cannot be changed.
- If a student member withdraws from a programme before the application deadline, the choice priority will remain unchanged. (Example: A student selected three programmes and withdraws from the 1st priority programme. The choice of 2nd and 3rd priority will remain unchanged with no promotion in priority.
- We will select the students based on the student's choice of priorities and a randomly generated selection by the computer system. If there is time clash between the applied programme and other programmes with offer, we will consider if the student will still be accepted.
- Priority will be given to student members who have not completed the applied programmes.
- Students should avoid applying programmes with time clash.
- The decision of HKAGE on the result of selection should be final.
