

Never considered going to Cambridge or Oxford? Here is your chance

Project Access is a non-profit organisation that helps aspirational youths apply for Oxbridge. We realize that in Hong Kong, there is a huge number talented students who have never considered pursuing their higher education overseas, mainly due to a lack of resources and financial support. We hope by providing these students with personal mentorship and the right information, they would be able to exploit their full potential and excel in their academic endeavours.

MENTOR NETWORK

A network of helpful mentors who have been through the application process themselves, who can provide you with all the information, tools, tips, and tricks you need to send the perfect application.

COMPLETELY FREE

You will be informed with all the scholarship schemes suitable for you, as well as helped by students who have successfully attained those scholarships.

SCHOLARSHIP

We are so passionate about everyone getting an equal chance to study at Oxbridge that we will guide you through the process without charging anything.
